Dear Major Valvo,

Since December, 1989, the Seneca County Criminal Investigation Division has been investigating several "burglary/larceny" complaints in the area. To date we have solved six cases which have resulted in four arrests for Burglary, one arrest for Grand Larceny and Forged Checks and one arrest for Petit Larceny.

Sergeant Brian Hubbs has advised me that Trooper Steven Kelley and Investigator Fred Noyes have been assisting with the investigations. Their help has been instrumental in the apprehension of the suspects and the recovery of nearly all the stolen property.

I am writing to express our thanks and appreciation to Trooper Steven Kelley and Investigator Fred Noyes for their professionalism and for the assistance extended to us in these cases. If we can ever return the courtesy, please don't hesitate to contact us.

Sincerely,
