Dear Major Christler;

We would like to take this opportunity to inform you of the knowledgeable assistance provided by Trooper Steve Kelly and Trooper Charles Doverspike. We became stranded in Geneva the night of Monday April 11, 1994 as a result of mechanical difficulties. Troopers Kelly and Doverspike helped us secure a rental car in the early morning hours so that we could continue on to Syracuse to teach a scheduled workshop the next day.

Their persistence and cordial manner was greatly appreciated and welcomed that night. It is refreshing to know the public can count on the New York State Police for even the slightest and strangest of dilemmas.

We would like to extend our thanks and gratitude to Troopers Kelly and Doverspike who performed in the finest tradition of New York State Troopers.

Sincerely,
