Mr. Steven M. Kelley

PRIVATE ADDRESS REDACTED

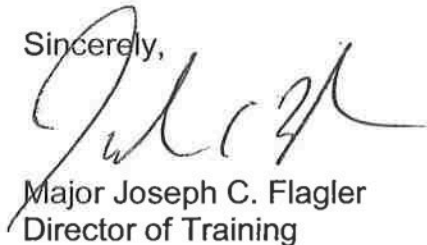

Dear Mr. Kelley:

We have received your request for an Academy Transcript. An "Official Transcript" is enclosed in a sealed envelope for an academic institution. An "Unofficial Transcript" is attached for your records.

The New York State Police Academy curriculum was evaluated for academic credit by Excelsior College in 2004. For a complete listing of credit recommendations, please visit:

<http://www.excelsior.edu/criminal-justice-training-assessment>

Sincerely,

Major Joseph C. Flagler
Director of Training

Transportation of Flammables and Explosives
Driver Improvement
Hazard Reports
S & R Orders
5th Wheel and Loadometer
Traffic Direction and Control

DIVISION VEHICLES

The Emergency Vehicle Operators Course is designed to prepare the Recruit to operate a Motor Vehicle in a safe and efficient manner. E.V.O.C. I is carried out in a controlled off road environment, giving the recruit an opportunity to acquire new skills and test vehicle limitations. E.V.O.C. II concentrates on those real world skills needed to perform the task of traffic enforcement safely. Below is a more detailed description of each of the segments.

COURSES

HOURS

EMERGENCY VEHICLE OPERATORS COURSE I.....40 Hours

The recruit is first given an eye examination evaluating both acuity and night vision. In addition, reflexes are tested. The National Safety Council Defensive Driving Course is the First classroom instruction. Practical in-car exercise on the Emergency Vehicle Operators Course includes instruction in vehicle limitations, crash avoidance and evasive maneuvers. The Skill Course is designed to sharpen driving skills in close situations such as parking lots, narrow alleys, garages, and vehicle backing situations. Police Turns exercises, instruct the Recruit in the safest procedures for turning a vehicle around in the road. Stopping distance demonstrations, vehicle familiarization and parallel parking are also part of the in-car portion of instruction. The first part of Stopping and Approaching the violators, dealing with the Felony stop and night patrol stops, are also demonstrated.

EMERGENCY VEHICLE OPERATORS COURSE II.....40 Hours

This block of instruction begins with a lecture on Vehicle Dynamics, those forces that act upon a vehicle in motion are explained. The recruit has his experience from the Emergency Vehicle Operators Course to relate to this lecture. Pursuit and Emergency Driving, Roadblocks and Flares and Attitudes, Emotions and Driving are additional subjects covered. Troop cars and Energy Conservation, Troop Car accidents and the Role of the Safety Officer, Preventative Maintenance and Patrol Operations - Special Hazards are also covered during this half of the course. The in-car portion of Stopping and Approaching the Violator begins with practice stopping of cars manned by instructors, on four lane controlled access highways and progresses to four lane non-controlled access highways, and finally to two lane state highways. In addition, the police turns taught on the driving course are practiced on the two lane state highway.

Total Hours - 80

ATTENDANCE AND LEAVE

COURSES

HOURS

Employee Assistance Program.....2

The demands of police work often place burdens on Division members that contribute to personal unrest or stress. This program was established to help members deal with stress related problems.

Post-shooting Trauma.....2

Explores the psychological ramifications of being involved in a shooting incident.

Stress Management.....4

A course to aid the recruit in identifying conditions, both professional and personal, that cause stress. Results of recent research on stress as well as techniques in biofeedback are offered to help the recruit cope with stressful situations.

Performance Evaluations.....2

To acquaint the recruit with the Performance Evaluation System used by the Division of State Police and how it pertains to each member.

Total Hours - 10

STATION OPERATIONS

COURSES

HOURS

Station Operations.....18

This block of instruction is presented in such a manner as to prepare the recruit for the administrative responsibilities which he must assume and acquaint him with the various functions and duties within the daily course of State Police business. Included are proper telephone and radio procedures, use of Division forms, mail and blotter.

N. Y. State Police Information Network (N.Y.S.P.I.N.)..12

Includes use and operation of the teletype instrument, preparing necessary records, sending and receiving messages, use of the information systems, and practical experience.

FIREARMS

COURSES

HOURS

Firearms Training.....40

To familiarize the Recruit with the nomenclature and rules pertaining to the safe handling of firearms. Further to insure compliance with range safety procedures. To develop a high degree of proficiency in the Recruit's handling and firing of his issue weapon and Division shotgun. This proficiency is acquired through expert instruction and shooting on practical pistol courses of fire.

Advanced Firearms Training.....40

This segment of the Firearms Training Program consists of periodic shooting practice throughout the second phase of the Recruit Training Program designed to maintain the level of proficiency attained during the initial Firearms Training. The bulk of this practice will take place in the Indoor Range located at the Academy. During this segment lectures and discussions concerning the limitations on the use of deadly physical force will impress upon the Recruit the need for responsibility in the use of firearms. The recruit is also instructed in the restrictions on, and use of, Division tear gas equipment.

Total Hours - 80

PUBLIC AND HUMAN RELATIONS

COURSES

HOURS

Crime Prevention.....	2
Identification and explanation of present and future programs engaged in by the State Police in the field of community relations.	
Police-Clergy Relations.....	1
The clergy and the police often have mutual responsibilities in the areas of criminal behavior and emergency situations. This course makes the recruit aware of the policies of the major religious sects.	
Police and the Media.....	1
Interaction of the State Police with various components of the media with emphasis on the Division notification policy. Individual efforts toward creating a favorable press and handling interviews will be stressed.	
Police Discretion.....	2
Instruction of the recruit in the emotional, psychological, environmental and sociological factors involved in the decisions related to enforcement of law.	
Police and Minority Groups.....	5
The nature and definition of minority groups and State Police interaction with minority group members. The history and development of civil rights as an aspect of law enforcement will be discussed.	
Communicative Skills I.....	20
A course in effective writing designed to provide a common standard of written English that can be applied to all areas of Division communication and correspondence.	
Communicative Skills II.....	20
A course to aid the recruit in improving his speaking ability. Emphasis will be on oral presentations in front of small groups. This instruction is designed to enable the recruit to better cope with the problems of human interaction.	

PUBLIC AND HUMAN RELATIONS (CONT'D.)

Crime Victims Compensation.....2

To instruct the recruit in the statutory obligations of the State Police in relation to the Crime Victims program of New York State.

The Police Image.....2

The development of the police image through historical events, particularly the State Police image. Surveys of police and public opinion regarding law enforcement, their meaning, implications and impact. State Police Rules and Regulations influencing citizen contacts and the need for individual morality and motivation are stressed.

Total Hours - 55

SELECTED LAWS

In addition to the New York State Penal Law and the Criminal Procedure and Vehicle and Traffic Laws, the State Police has the responsibility for the enforcement of other laws and procedures. The presentation of these laws in a unified block will assist the recruit in understanding the additional enforcement demands placed on him/her.

COURSES

HOURS

Agriculture and Markets Law.....	2
Alcohol Beverage Control Law.....	2
Family Court Act.....	6
General Business and General Municipal Law.....	1
Mental Hygiene and Public Health Law.....	2
Navigation Law and Railroad Law.....	3
Civil Rights, Correction, County, Education and Executive Laws.....	1
Conservation Law.....	4
Parks and Recreation Law.....	2
Personal Property, State Finance and Tax Laws.....	2
Social Services Law.....	1
Laws Controlling Aircraft.....	2
Laws Concerning Deadly Physical Force.....	2

PATROL OPERATIONS

COURSES

HOURS

Patrol Tactics.....14

To acquaint the recruit with proper patrol tactics that are of assistance to crime prevention, crime repression, apprehension of criminals and self protection. Included topics are domestic disputes, recognizing organized crime operations such as gambling, and civil disobedience.

Street Survival.....16

To instruct the recruit in proper techniques for self-protection in the field. Search techniques for persons, vehicles, and buildings are covered with a review of past incidents which are critiqued. The recruit is also instructed in recognizing potentially dangerous situations and how to retain control of them.

New York State Police Hostage Program.....2

To familiarize the recruit with the history of terrorism and hostage-taking and the investigative techniques used in dealing with them. Includes the duties of the first Trooper on the scene, basic negotiating, and the equipment available to assist in these situations.

Search and Recovery Operations.....2

Covers coordination and implementation of searches for lost persons, fugitives, and drowning victims. Also covers water rescue, ice rescue, building fires and situations requiring rigging. This segment contains reinforcement of First Aid training by utilization of field expedients in the aid to, and transport of, persons who have been located.

Hazardous Materials.....3

This course covers action to be taken in accidents involving volatile corrosive, toxic and radioactive materials and in recognizing hazards through placarding.

Peacetime Radiation.....1

To expose the recruit to information and techniques necessary in the handling of peacetime radiological emergencies.

Suicide Intervention.....2

To instruct the recruit in recognizing and handling the suicidal person and to inform him of the various programs available in this area.

PATROL OPERATIONS (CONT'D.)

COURSES

HOURS

Special Services.....2

Provides information on recognition of various types of bombs and explosives, aircraft hijackings, natural disasters, fires, death notifications, and gas emergencies.

Total Hours - 42

ARREST

COURSES

HOURS

Assessment Center.....40

The concept of the assessment center is to provide the recruit with a phase of training that will show practical application of the skills and knowledge developed through Academy instruction. The recruit will demonstrate proper judgment in accord with State Police regulations during preliminary investigations, prepare State Police reports associated with patrol activities, and his ability to testify and prepare paperwork associated with court proceedings will be evaluated.

Fingerprinting - Theory and Practice.....3

To inform the recruit on the background and development of fingerprinting as an identification tool and the method of classification of prints under the Henry system. This course also demonstrates the correct methods of taking prints and provides opportunity for practical exercises.

Total Hours - 43

CRIMINAL INVESTIGATION

COURSES

HOURS

Principles of Investigation.....2

To inform the recruit in the general principles applicable to investigation with emphasis on accurate evaluation of information and proper crime scene examination and protection.

Preliminary Investigation.....2

The decentralized nature of Division operations requires that each recruit know the methods of conducting a thorough preliminary investigation.

Identification of Persons and Property.....2

To acquaint the recruit with the proper methods of identifying criminals, missing persons and deceased persons. Stresses the importance of accurate identification and shows how this aids in the successful conclusion of an investigation. Includes the use of the missing/unidentified persons entries in the State Police computer system.

Interview and Interrogation Techniques.....4

To instruct the recruit in the areas of interviewing and interrogation showing the difference between the two, when each should be used and on what type of person. Also includes a demonstration of the polygraph and its capabilities.

Major Criminal Investigations.....4

A detailed exposition of the investigative techniques applied to thorough robbery, burglary and arson investigations in the critical preliminary stages. The recruit will be acquainted with the modus operandi, physical identification procedures and the identification of potential burglary and robbery sites. Preserving the scene and associated evidence is included.

Narcotics Investigation.....4

To acquaint the recruit with physical characteristics of dangerous drugs and associated instruments. In addition, a familiarization with methods utilized in clandestine transportation and storage of those drugs.

Stolen Car Investigation.....3

To acquaint the recruit with methods of identifying stolen automobiles and the modus operandi of car thieves.

CRIMINAL INVESTIGATION (CONT'D.)

COURSES

HOURS

Fraudulent Identification.....1

To acquaint the recruit with the various types of fraudulent identification that will be presented to him in the field.

Credit Card Frauds.....1

The recruit will become acquainted with the modus operandi of the credit card criminal and his relation to other types of criminal activity.

Arson Investigation.....4

An overview of the particular problems in investigating the crime of arson including indicators of certain types of arson accelerants and approaches to investigating suspicious fires.

Homicide and Unattended Death Investigations.....3

To familiarize the recruit with the techniques used in investigating homicides, suicides, suspicious and unattended deaths and specifically the duties of the first Trooper at the scene. Topics covered will include cause and manner of death, evidence collection and preservation, murder unrecognized, gunshot wounds and alcohol and its relation to homicides.

Sex Crimes.....4

The recruit is made aware of the prevalent types of criminal acts related to sexual behavior with an emphasis on investigative techniques and victims.

Child Abuse.....4

To familiarize the recruit with the area of child abuse. Stresses the need for a sensitive and thorough investigation for reported or suspected abuse and the statutory obligations of the police officer.

Outlaw Motorcycle Gangs.....2

To acquaint the recruit with the various criminal activities entered into by motorcycle gangs and identifying gang members and symbols.

Organized Crime.....2

The role of organized crime syndicates in criminal activity demands that recruits be familiar with the present conditions in New York State.

CRIMINAL INVESTIGATION (CONT'D.)

COURSES

HOURS

Sources of Information.....2

To acquaint the recruit with the various sources of information available, how to obtain it, and how to weigh its importance to particular investigations.

Surveillance Techniques.....2

A familiarization with the techniques used in surveilling potential crime sites and suspects.

Protective Services for Adults.....2

To acquaint the recruit with services provided by the State of New York for the Deinstitutionalized and the frail elderly.

Total Hours - 48

PHYSICAL EVIDENCE

COURSES

HOURS

Collection and Preservation of Evidence.....4

To make the recruit aware of his responsibility in the area of preservation of evidence and protection of a crime scene. To familiarize the recruits with the four phases of collecting and handling evidence.

Photography.....2

To instruct the recruit in the availability and use of the various Division photography equipment.

Fingerprints - Latent.....1

To instruct the recruit in the care and handling of objects with potential latent prints. Also to provide the recruit with an understanding of how prints are lifted from objects.

New York State Police Laboratory Familiarization.....4

To acquaint the recruit with the function and services of the lab and to further instruct the recruit in the care of evidence for the lab.

PHYSICAL EVIDENCE (CONT'D.)

COURSES

HOURS

Forensic Science.....12

This course is designed to instruct the recruit in the types of analytical processes available to him/her and the applications and restrictions of each process. The course is separated as follows:

Analytical Techniques.....	4 hours
Forensic Photography.....	1 hour
Serology.....	1 hour
Toxicology.....	1 hour
Types of Physical Evidence.....	1 hour
Imprints and Impressions.....	1 hour
Firearms and Ammunition.....	1 hour
Recording and Storing Evidence.....	2 hours

Total Hours - 23

COURTS AND COURT PROCEDURES

COURSES

HOURS

Introduction to Law Enforcement and Government I.....33

An examination of the organization and functions of government at the Federal, State and Local level along with an identification of the role of the State Police. The course is composed of the following topics:

Foundations of Nat'l. Government, Case Law, and the system of checks and balances.....	6 hours
Foundations of State Government.....	1 hour
Criminal Justice system in perspective.....	4 hours
Dimensions of Crime.....	1 hour
Development of Police Functions.....	3 hours
History of the State Police.....	1 hour
Basic Police Organization and Command.....	5 hours
Judicial Function.....	6 hours
Correction Process.....	4 hours
Examinations.....	2 hours

COURTS AND COURT PROCEDURES (CONT'D.)

COURSES

HOURS

Introduction to Law Enforcement and Government II.....12
To instruct the recruit in the types of searches, the elements of search warrants, preparing search warrants, and current search and seizure law utilizing case law.

Constitutional Law I.....9
To instruct the recruit in the Federal Constitution with an emphasis on the Bill of Rights, Civil Rights statutes, and member accountability.

Constitutional Law II.....6
To acquaint the recruit with the State Constitution with emphasis on State Civil Rights legislation and member responsibility.

Total Hours - 60

ACCIDENT INVESTIGATION

COURSES

HOURS

Accident Investigation.....40

The role of the New York State Police in the investigation of traffic accidents creates a need for an intensive and complete technique. This presentation fulfills such a need in that it allows the recruit to become familiar with the latest methods of accident investigation. This course goes far beyond mere reporting of details and is directed at identifying the primary and secondary cause of accidents. The recruit is given the opportunity to investigate a series of simulated accidents, prepare the allied reports and if pertinent, issue traffic tickets.

Accident Reconstruction.....5

A course to instruct the recruit in the basics of elementary physics and natural factors involved in the cause of motor vehicle accidents providing a basis for later court testimony.

Total Hours - 45

SPEED ENFORCEMENT

COURSES

HOURS

Radar Training.....40

The recruit will be taught the history, theory, and basic operating principles of the radar instrument and all its components. Through both classroom and field training exercises, the recruit will properly set-up, test and use the radar instruments employed by the Division. Recruits will be instructed in the physical limitations of the radar and other factors that can affect radar accuracy and performance. The preparation and presentation of testimony and evidence relating to radar speed measurements is required. Upon successful completion of the course, and written examination, the recruit will be given a radar operator's permit.

Total Hours - 40

D. W. I. ENFORCEMENT

COURSES

HOURS

Breathalyzer Training.....40

To instruct the recruit in the origin and abuse of alcohol, the physiology and pharmacology of alcohol, the chemicals used for tests, instrument nomenclature and use, actual hands-on use of testing instruments, educational aspects for use in public speaking, court presentation of test evidence, the laws, rules, and regulations pertaining to the use of the instrument and chemical tests. Recruits, upon completion of the instruction, passing a written examination, and a proficiency test on the instrument will receive a certificate and a Health Department Permit, certifying them as operators of the Breathalyzer and permitting them to administer tests.

FIRST RESPONDER

COURSES

HOURS

First Responder/Crash Injury Management.....36

To qualify the recruit to provide first aid to injured persons. It is most necessary provide when time and/or geographical considerations could result in a deterioration of the condition of an injured person prior to attendance by more qualified medical personnel.

Total Hours - 36

PHYSICAL TRAINING

COURSES

HOURS

Physical Training.....112

This physical training program will be conducted each academic work day. The program will be individualized to the needs identified in evaluation tests. The initial general conditioning program will provide a foundation for the subsequent rigorous program.

Defensive Tactics.....88

To familiarize the recruit with a system of defense and control techniques. The recruit will be trained in practical methods which will enable him/her to successfully cope with those situations in which he/she encounters physical resistance or personal attack. The recruit will develop a degree of police proficiency in the use of riot control formations also.

Total Hours - 200
